### Writing

I would like to tell you about my favourite game. It is a minecraft. Minecraft is the game, where people should think. It is a good one for smart and creative people.

Minecraft has three mods. There are Survive, adventure, and creative. Second mod is so hard, that only brave people can play on this mod. Minecraft has two types of worlds. If people has a goal to win game, choise they first world. Else they choise second world. It is deep 2-D world, where people can create anything new. Minecraft has some types of difficult. There are peace, normal, hard and hardcore. The last type is so hard, that people usually say: "It is impossible!" I think, they are right.

I can recommend minecraft for people, who love to play with friends or will be just happy. I love minecraft and I think, that it is the best game!

## Writing

Charles Dickens has a lot of wonderful and amazing quotations. One of them, which I have recently read, I want to describe and explain. This is the next quotation: "Procrastination is the thief of time, collar him".

I think that the author of this quotation meant that when we postpone something, we lose the useful time which we could spend on doing it.

I am sure that Charles Dickens was absolutely right, when he said this quotation. It is my viewpoint too, because I think that the procrastination is time-wasting. For example, I did not want to do a school project one day, because I am idle enough. I was hesitating to do it right then or to do it afterwards. I chose the second and was a silly chore, because I had no free time next days to do this project.

In conclusion I want to say, that Charles Dickens realized what the word procrastination means. Maybe he even had his own examples of procrastination like a part of time-wasting. However, I am sure, ~~this~~ that this quotation is the best and the most useful quotation I have ever read, because it can help us to know the life better and to get necessary experience.

### Writing

Name of the game is Omori. Characters are: Basil (boy with blonde hair that likes to take foto of his friends), Mari / sister of Omori, she likes to play on violin), Omori (he with Mari are twins, they're very similiar, black hairs, eyes and other), Hero (sunny boy, he likes sport). All is happening is small town in America.

Plot is very big, and sometimes hard to understand, but very interesting. Omori is Omori, Basil, Mari and Hero are best friends. They study in one school and hang out together often. All is good, untit Mari's dead. It was an accidnet, she falls of a climb. They are very sad and ~~shoked~~. Until this Mari and Omori were together. No one know that Omori did that, and Omori doesn't know too.

Now Omori have strange, terrible dreams with his friends in them. But they're acting different, scary. He need to stop these dreams, which is not that easy. Something wrong with his friend now. I think it's all what I can say. I can reccomend this game for peoples that likes detectives and thrilles.
